Commissioner Steve Bradshaw Presents Veterans Resource Expo

DECATUR, Ga.—DeKalb County District 4 Commissioner Steve Bradshaw will host a Veterans Resource Expo Event from **10 a.m. to 2 p.m.** on **Saturday, Sept. 15**, at Central DeKalb Senior Center at Mason Mill Park at **1346 McConnell Drive Decatur, GA 30033**.

Commissioner Bradshaw, in collaboration with Atlanta VA HealthCare System, The Mission Continues, American Medical Response, and AMVETS Post 44, will host this Resource Expo geared towards veterans and their family members who live in and around DeKalb County. Onsite resources will include housing, VA benefits, caregiver, legal, VA burial benefits, employment and training, mental health, telehealth and women's program.

"I have heard their concerns of DeKalb veterans and their families and it's my goal to continue to identify ways that I can bring resources and make myself accessible to these very special constituents in District Four and throughout DeKalb County," said Commissioner Bradshaw.

"Concern for our veterans is something that is close to my heart," Commissioner Bradshaw said. "In our 2018 midyear budget, I requested and got approval for an additional \$20,000 to augment the work of the Veterans Treatment Court, which is a part of our Accountability Courts. This upcoming Resource Expo is just a continuation of demonstrating tangible support for those who have served in uniform for this great nation."

Commissioner Bradshaw, upon graduating from Armstrong State University, entered military service as a second lieutenant in the U.S. Army, and formally trained as a tank commander. He spent tours of duty in Germany, Fort Knox, KY, Fort Benning, GA, Saudi Arabia and Iraq during the First Gulf War. His final assignment was as a Leadership Instructor at the US Army Officer Candidate School. Commissioner Bradshaw left active military service at the rank of captain in 1993.
